Index Guide

This index provides a detailed analysis of legislative committee proceedings in English or French as spoken by the participants. Translations are not provided in either language.

Entries are cross-referenced and arranged alphabetically into two sections, the Subject Index and the Speaker Index:

The main entry in the **Subject Index** is a subject heading which is followed by a list of members who spoke on the subject and page references. Subject headings that do not require speakers, e.g., Divisions (recorded vote), are followed by subheadings and page numbers only. Typical entries appear as follows:

Child care centres

Crack, SP76

Divisions (recorded vote)

committee business, F134

The main entry in the **Speaker Index** is a member's name and riding followed by a list of topics spoken on by that member and page references. Typical entries appear as follows:

Sattler, P. (NDP, London West)

Budget deficit, P205-P206

Sexual assault victims

in immigrant communities, SP802-SP803

French debates are grouped under the heading "French-language debates" followed by subheadings in French.

Lists of witnesses (individuals/organizations) are included, with corresponding page references which indicate their participation in committee proceedings.

Committee issues and pages are numbered according to session. A list of issues, dates and page numbers for the First Session of the 41st Parliament is on page 2.

The Subject and Speaker sections of the index, as well as the list of issues, dates and page numbers, are also available on the Internet at <http://www.ontla.on.ca/>

Further information may be obtained by contacting the Hansard Reporting and Interpretation Services index staff at 416-325-7400 or hansard@ola.org

Notice à l'intention des usagers

Cet index est le fruit d'une analyse détaillée des débats en anglais et en français, dans la langue de l'intervention. Les interventions ne sont pas traduites.

Les vedettes sont arrangées avec leurs renvois par ordre alphabétique en deux sections : un index-matières et un index des intervenants.

La vedette principale dans l'**index-matières** est une vedette-matière suivie d'une liste des députés qui sont intervenus sur ce sujet avec les numéros des pages. Les vedettes-matières qui ne nécessitent pas d'intervenants (les votes, par exemple) sont suivies de sous-vedettes avec les numéros des pages. Les vedettes dans l'index-matières se présentent de la façon suivante:

Child care centres

Crack, SP76

Divisions (recorded vote)

committee business, F134

La vedette principale dans l'**index des intervenants** est le nom d'un ou d'une député(e) et de sa circonscription, suivi d'une liste des sujets abordés par ce ou cette député(e) avec le numéro des pages. Les vedettes dans cette section se présentent de la façon suivante:

Sattler, P. (NDP, London West)

Budget deficit, P205-P206

Sexual assault victims

in immigrant communities, SP802-SP803

Les interventions en français sont groupées sous la vedette-matière «French-language debates» suivie de sous-vedettes en français.

Les listes des témoins (personnes/organismes) sont également comprises dans cet index avec le numéro des pages pour indiquer leur participation au comité.

Les numéros et les pages du Journal des débats sont numérotés par session. La liste des numéros, des dates et des numéros de page pour la première session de la 41^e législature se trouve page 2.

Sont également disponibles à l'Internet au <http://www.ontla.on.ca/>, les sections des sujets et des intervenant(e)s de l'index, de même que dossiers, dates et numéros de page.

Pour avoir des renseignements complémentaires, veuillez communiquer avec le personnel de l'index du service du Journal des débats et d'interprétation au 416-325-7400 ou au hansard@ola.org
